

# ReadyTalk Archiving Service

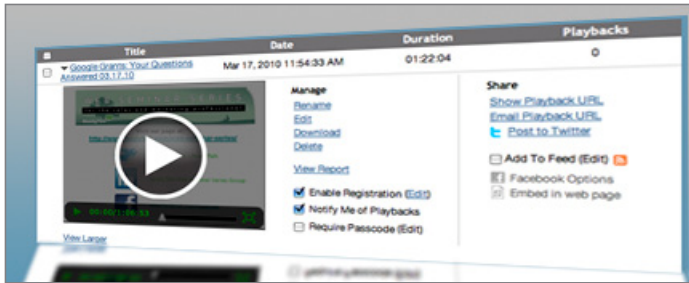

RECORDING & ARCHIVING

Get more from your content when you let ReadyTalk host your conference recordings with the affordable ReadyTalk Archiving Service.

## Make the Most of Your Recordings

When you use the affordable ReadyTalk Archiving Service, ReadyTalk stores your conference recordings for you – you get unlimited playbacks plus access to a wealth of additional features for managing and sharing your recorded content. The possibilities are endless!

*Manage and share your conference recordings with ease from the intuitive Manage Recordings interface.*

## Manage Your Recordings

- Edit Recordings** Enhance recordings by cutting out unwanted sections with ReadyTalk's easy-to-use editing tool
- Password Protection** Set a password on recordings to ensure privacy and protect your content
- Recording Registration** Require the audience to complete a customized registration form before viewing
- Playback Notification** Receive email alerts with registration information when someone plays a recording
- Playback Reporting** View how many times your recording has been played back and access registration details if playback registration is enabled

## Share Your Recordings

- Embeddable Player** Quickly embed your recording in your website or blog and give viewers the sophisticated playback experience they expect
- Social Media** Automatically embed recordings on Facebook or share playback links on Twitter
- Automated Podcasting** Quickly publish recordings as podcasts and share with subscribers via an RSS feed
- Email Playback Link** Email others a link to the playback of your recording - all they have to do is click and watch
