

ReadyTalk Capabilities Statement

Audio & Web Conferencing for Government Agencies

ReadyTalk provides secure audio and web conferencing services, including webinars, that enable federal, state and local agencies to meet with confidence. ReadyTalk's tools are designed so that it is easy to collaborate with colleagues, share information with suppliers, telework and train employees.

With an easy-to-use interface, 99.9% service reliability and a highly secure platform, your conferencing experience will be flawless. When you do have a question, are looking for a best practice or need technical help, ReadyTalk's customer care team is available 24 hours a day, 7 days a week.

Headquartered in Denver, Colorado, ReadyTalk is a small business with a proven track record of success in working with federal agencies and state and local governments. Customers include Small Business Administration (SBA), Housing and Urban Development (HUD), University Corporation Atmospheric Research (UCAR) and National Institute of Standards and Technology (NIST).

ReadyTalk in Action

Services

Web Conferencing

- Enable document sharing, trainings and education
- Cloud-based collaboration ideal for remote workers
- Ideal for teleworking

Audio Conferencing
